	27	D & M Malcman **	A or W McCulloch	C. Stewart	J & M Mickleborough

MITCHAM BAPTIST CHURCH CLEANING ROSTER June 2008 – September 2008

For some of you this will be your first time on the cleaning roster as we are trying to include as many people as possible. Young adults have also been included as we feel it is important that they take responsibility for the premises as well.

For those who work on Saturdays, there are some tasks that can be done during the week, e.g. auditorium and sports area and these are highlighted on the cleaning roster check list, located in the cleaning cupboard.

The cleaning cupboard is located in the men's toilet area. The left hand side cupboard stores chemicals, toilet rolls gloves etc. Two vacuum cleaners & bags are located in the right hand side cupboard. Check very top cupboards for excess stores of toilet rolls, hand towels etc. Key for the locked cupboard is hanging on a nail on the far right hand side of the unlocked cupboard. .

The person/family with the ** beside their name is responsible for contacting the other people on the list for the week's cleaning to arrange a suitable time. Please phone or email at least a week prior to the given date.

If you are unable to help on the date given, please swap with someone else and let the **person/family know of the changes as well as the church office, so the roster can be updated. Where the family have very young children, we have suggested that only one parent needs to help with cleaning.

It should not be necessary for any person to spend more than 2 hours as part of the team each week. Should for any reason there be insufficient people available to help, please give priority to the Auditorium

NOTE:

Toilets, Front Foyer Linoleum and Polished concrete floors are done by commercial cleaner.

Many thanks for your continued help with the cleaning and for the great job that gets done every week.

Please let Noelene Fanner (98767891) or the church office know if cleaning supplies are running low.
